Russians Have Left Kamranh Bay.

Tsing Tau, Shantung Peninsula, China, April 26.—Positive confirmation was obtained here of the statement that the Russian squadron left Kamranh bay April 22 and that the Russian cruiser Sviatilina, Russian hospital ship, and 14 transport ships are still Kamranh bay. The division of the Russian squadron commanded by Admiral Neligatoff had not joined the main squadron commanded by Admiral Rojestvensky up to today.

Railroad Opened to Mukden.

Fusan, April 26.—The first railroad train from Liao Yang since the retreat of the Russians from that place last year reached Mukden station late yesterday, crossing the Hun river on the temporary bridge which Japan has just completed. Regular trains will be run between Port Dalny and Mukden in a few days. Quantities of supplies are being sent to Tie Pass from New Chwang in junks up the Liao river.

Believed To Be Russian Spy.

Singapore, Straits Settlement, April 26—A Russian giving the name of Vladimir Antonivitch, carrying a passport made out in another name was arrested on the fortified Island of Brani and was arraigned here today on the charge of being on government property without authority. He was remanded for a week. Antonivitch, who does not speak English, was residing with a non-commissioned officer of the ordnance department. It is popularly supposed that Antonivitch is a spy, but the authorities say that no incriminating papers have been discovered.

Kuropatkin Leaves the Army.

St. Petersburg, April 26.—The Russ formally denied that M. Witte had resigned the presidency of the committee of ministers. The paper explains that he is worn out with work and in urgent need of rest, but insists that he has not resigned. In financial circles it is reported that M. Witte may accept the management of the Russo-Chinese bank. The bourse Gazette publishes a report that General Kuropatkin, commander of the first Manchurian army, will return from the front and be succeeded by General Kaulars, comander of the second Manchurian army.

German Princes at Tokio.

Tokio, April 26.—Prince Charles Anton Von Hohelzollern representative of the emperor of Germany with the Japanese army, accompanied by Prince Keachite, of Kania, arrived here today from Mukden enroute to Germany. Representatives of the emperor of Japan and many notabilities greeted the two princes at the railway station. Prince Charles of Hohenzollern was escorted to the Shiba palace, which he will occupy during his stay in this city. A number of farewell entertainments have been planned in his honor.

TO GRANT AMNESTY ON EASTER

Rumor Is Circulating that the Czar Will Proclaim Same.

St. Petersburg, April 26.—A rumor is circulated here to the effect that Emperor Nicholas will mark Easter by the proclamation of general amnesty for political and religious prisoners now confined in fortresses of prisoners of European Russia or in exile. It is feared the Easter holidays which extend over 13 days, and will be the occasion of bloody conflicts.

The people are being specially warned not to enter the St. Isaac or Korean cathedrals or the church of the Nevsky monastery.

The Liberals pretend to believe that such stories are purposely circulated by the police. In any event, the strain is becoming intense. This is Holy week, when all Russia is usually in sackcloth and ashes, but the poorer classes of the people who generally attend incessant masses now spend most of their time at the doors of the churches gossiping about what may happen next week. The solemn religious services at the winter palace which, in ordinary years, takes place Saturday at midnight, with which Easter is ushered in and when the Metropolitan of St. Petersburg proclaims to the emperor in the presence of the imperial family, ministers and leading functionaries the rising of Christ from the grave will not take place this year on account of the danger involved.

Instead, a similar service will be held at Tsarkoe-Seloe. Governor General Trepoft insists on his ability to preserve order and protect life and property. Among the persons arrested last night were three of the principal revolutionary leaders.

PATTERSON TRIAL RESUMED.

Actress Fully Recovers From Fainting Spell of Yesterday.

New York, April 26.—Nan Patterson apparently had fully recovered from her indisposition of yesterday when she appeared in court today for the continuance of her trial on the charge that she murdered Caesar Young.

There was a trace of color in her cheeks and she seemed to be in excellent spirits when she entered the court room and took a seat at the council table. The pain black suit which she had worn during this and previous trials had been discarded and in its place she wore aa black and white checked dress and a rought lace late with white lining.

The revolver with which it is alleged Young was killed and which it is believed will figure prominently in the prosecution case made its appearance as soon as the trial was resumed. It had been identified by several witnesses yesterday as the weapon found in Young's pocket soon after the tragedy and today the line of identification was followed down to the time it was brought into court. It is upon its ability to establish the fact that J. Morgan Smith, Miss Patterson's brother-in-law, purchased this weapon the day before Young was killed that the prosecution bases its strongest hope of conviction.

Used the Mails Fraudulently.

Nashville, Tenn., April 26—John W. Farr, who conducted a law school here some years ago, and who was indicted for using the United States mails for fraudulent purposes, the direct charge being the issuance of alleged fake diplomas, is being tried before Judge Clark in the federal court in this city. Farr tried hard to have the trial take place in Washington City but it was finally decided to hear the case here. Farr is alleged to have operated in Denver, Seattle, Chattanooga, Washington and other cities.

Indicted for Peonage.

Athens, Ga., April 26.—In the fereral court yesterday indictments for peonage were returned against R. L. Pittman, Weldon P. Brooks, George Huff, Rufus Harvey, and fully 20 more cases are to be investigated tomorrow. T. H. Sappington was arrested here today on a charge of trying to induce negroes to immigrate to Mississippi. His bond was fixed and he was released.

TRAGEDY OVER THE WHISKY QUESTION

Texans Kill Each Other While Debating Local Option.

THREE KILLED; TWO WOUNDED

Congressman John M. Pinckney Is Among the Dead—Excitement Running High and Better Element of People Deplore Occurence.

Hempstead, Tex., April 26.—At a mass meting here last night, called for the purpose of petitioning the governor to send rangers here to enforce the local option law, J. N. Brown, a leading lawyer and a staunch anti-prohibitionist, began shooting, which became general in an instant. Three men were killed, one man was fatally injured and two others seriously wounded. The dead are:

J. N. Brown.

Congressman John M. Pinckney.

Tom Pinckney, brother of the congressman.

John Mills, a leading prohibitionist, it is feared, cannot survice the night.

Doc Tompkins, private secretary of Congressman Pinckney, and Rolling Brown, son of J. N. Brown, are badly wounded, but just how seriously cannot now be determined.

There are many armed men on the streets tonight, but it is not believed there will be any more trouble.

The governor has been notified and will send rangers here. A special train was run from Houston with surgeons to attend the wounded.

The causes leading up to the tragedy have been accumulating for years. The local option question has been foremost in local politics and in a recent election the feeling between the Prohibitionists and Antis has been intense. The town went "dry." It is understood Congressman Pinckney favored the Prohibitionists. Last night when the Waller county Prohibition league held a meeting to wind up its affairs after the recent campaign there was a spirited debate over a resolution requesting the governor to station a number of state rangers in the county for the purpose of enforcing the anti-option law.

It was during the excitement of debate that the firing began. No one seems to know who fired the first shot but when the smoke cleared away Mr. Pinckney and Mr. Brown were dead and Mr. Mills was in a dying condition.

The better class of citizens of the community deplore the tragedy, and are doing everything possible to allay public excitement. A company of rangers arrived today and no further trouble is anticipated.

REMAINS ENROUTE NORTH.

Body of Joseph Jefferson Borne to Its Last Resting Place.

Jacksonville, Fla. April 26—Special train arrived over the East Coast railway this morning at 8:45 bearing the remains of Joseph Jefferson and members of his household. The train ran as a special from Palm Beach and was composed of President Henry M. Flagler's private car, tendered by the road officials.

Arriving as Jacksonville, two private cars were attached to the Atlantic Coast Line train No. 32, which went north at 9:10 o'clock.

The casket was transferred under the direction of Carl Kettler, the actor's secretary and companion for many years. The shades of the private car were closely drawn and no attempt was made to see the members of the family, Kettler being the only member of the party appearing, saying that the trip would be made through to Boston, and the funeral arrangements so far were undecided, but would be settled upon before arrival. Services will be held at Crow's Nest, Jefferson's home at Buzzard's Bay, and the body will be placed in a receiving vault until such time as members of the family, now scattered over the country, can be brought together for a conference as to the final resting place.

DR. BROWN AYERS INAUGURATED

President of Tennessee University with Public Installation.

Knoxville, Tenn., April 26.—Dr. Brown Ayers was today formally inaugurated as president of the University of Tennessee. The inaugural period opened last night with a public initiation by Phi Kappa Phi honor fraternity, at which the address was delivered by Robert E. Wait, of Little Rock, Ark. This morning at 10 o'clock at Staub's theater the formal ceremony occurred, United States Senator elect James B. Frazer, presiding.

The address of welcome on behalf of the state was delivered by Adjutant General Harvey H. Hannah, in the enforced absence of Governor John I. Cox. The welcome to Dr. Ayers on behalf of the colleges of the east was delivered by Professor J. S. Ames, of Johns Hopkins university of Baltimore. President George E. McLean, of the University of Iowa, extended a welcome. The southern colleges welcome was uttered by Chancellor R. B. Fulton, of the Univerailty of Mississippi.

15 YEARS FOR KILLING NEGRO.

White Soldier Is Found Guilty of Voluntary Manslaughter.

Atlanta, April 26.—Fulton superior court opened its criminal docket with B. F. Young, a private in the Sixteenth regiment, United States army, in the prisoners' dock.

Young had been indicted for the murder of Charles Ganson, a negro who was found by policemen dying at his home on Madison avenue from wounds on his neck. Ganson's wife, had been detained since the killing, as a witness was placed upon the stand. The woman acknowledged that the defendant, Private Young, of the Sixteenth, came to her house the night of the killing.

Solicitor General Hill consumed less than 15 minutes in presenting his case to the jury. Then within an hour or so the jury came back with a verdict. By the verdict Young was declared to be guilty of voluntary manslaughter, and later in the afternoon Judge Roan sentenced him to 15 years in the state penitentiary.

INJURED ON BATTLESHIP.

Flareback Occurs on Board American Warship Maine.

Pensacola, Fla., April 26.—A flareback, or explosion of gases, on the battleship Maine recently caused the injury of three men on that vessel.

This fact did not become known until today, when the ship came into harbor and began coaling. It then leaked out that the flareback had occurred while the vessel was on the target range, badly burning three men in one of the turrets and also that a catastrophe similar to that on the Missouri a year ago had been narrowly averted.

The flareback, which is one of the dreads of the men of the navy, occurred a few days after the Maine went on the target range, and is the second to occur since the vessels have been at record target practice.

Falling Scaffold Injures Many.

Charlotte, N. C., April 26—A temporary scaffolding erected for the ceremonies attending the laying of the corner stone of the Crittenton home fell and about 40 ladies and children were thrown about 10 feet to the ground. Quite a number were painfully bruised, but no one was seriously injured. Mr. Charles N. Crittenton, the noted New York evangelist, who is here attending the laying of the corner stone of the home, was on the platform, but he escaped uninjured.

Bad Washouts in Mississippi.

Birmingham, Ala., April 26.—A special to the News from Jackson, Miss., says that traffic is tied up on the Illinois Central railroad south of Jackson by several bad washouts. All the trains are being sent to New Orleans over the Yazoo and Mississippi Valley tracks, by way of Harrison. The rainfall during a period of eight hours has been 2½ inches. The damage to the growing crops is considerable.

SHORTAGE IS OVER ...

Confidence Seems Hard to Re... Wisconsin City—People Line U... fore Paying Teller's Windows ... Demand Their Money.

Milwaukee, April 26.—Despite assurances that the Milwaukee Trust company was in no manner involved by the financial trouble of Frank B. Bigelow, former president of the First National bank of Milwaukee, and confessed defaulter of more than a million dollars, crowds of people today were in line long before the opening of the Trust company bank waiting to withdraw their deposits. The depositors gathered at the National bank were comparatively few at first but the number continued to increase. Bigelow had been a director of the Milwaukee Trust company, but when his defalcation became known he was removed as such by the board of directors. Notices posted on the bank windows which the depositors for the most part working people, eagerly scanned, announced this fact and that the Trust company was abundantly able and prepared to meet the demands of all depositors and creditors.

The notices posted on the windows of the first National bank and signed by the directors that the company is solvent seemed to reassure the depositors somewhat.

No depositors gathered at any of the other banks at the time they were in nevidence at the institutions mentioned.

Members of the clearing house association expected the affairs of the bank and officers of the other institutions in the city expressed their confidence in the strongest terms in the ability of the First National bank to meet any emergency that might arise. Henry B. Goll, cashier of the First National bank, of Milwaukee, who is charged by the United States district attorney's complainants, with embezzling a sum exceeding $100,000 of the bank's funds, has not yet been arrested. United States Marshal Thomas B. Reed, said, however, that he expected to take Goll into custody today.

John I. B. Beggs, a director of the First National bank and one of the men who gave $300,000 to make up the defalcation of Bigelow, said that the bank had today received $2,000,000 from outside and local banks with which to meet any demands. He asserted that the bank had ample funds to meet all the requirements.

As the hour approached for the opening, the crowds gathered in front of the First National bank and the Milwaukee Trust copsny became larger and extended for half a square on Wisconsin and on East Water street.

A detail of police was present to maintain order. A report that Mr. Bigelow held a large amount of Northern Pacific railroad stock was emphatically denied here today. Inquiry among brokers and personal friends of the former bank president developed that there is very little of that stock held by local capitalists.

The First National bank of Milwaukee, and the Milwaukee Trust company today decided to take advantage of the clause requiring that a notice of 30 days be given before sums under $100 can be withdrawn and a notice of 90 days on sums exceeding $100. The pass books were so stamped when presented at the bank windows. The same rule applies to certificates of deposits.

Primaries in Louisville.

Louisville, Ky., April 26.—Democratic primaries for city and county officers are being held in Louisville today. Paul C. Barth for mayor and Henry Bell for sheriff have no opposition, the other entries having withdrawn at the eleventh hour. But little interest is taken and the vote being polled is light.

...morial Day passed in
...ing manner in Gaines-
there was nothing of an
...ature on the program, at
...ime what went to constitute
...rvance of the day was done so
...ntly and with such perfectness
, those who participated in and wit-
...ssed the ceremonies were well satis-
fied.

The day opened cloudy, and about 9 o'clock a slight shower fell; but this was soon over, and tended to be refreshing, laying the dust and making the morning comfortable.

The first number on the program was enacted by the members of J. J. Finley Chapter, United Daughters of the Confederacy. The ladies of this Chapter, with their friends, assembled at the home of Mrs. W. B. Taylor, the president, and at 9 o'clock carriages conveyed them to the cemetery, where they decorated the graves of the departed heroes of both armies. The ceremonies at the cemetery were simple but impressive, and were entered into with a heart full of love and respect for both the Confederate and the Union soldier.

At 11 o'clock, at the court house, Ex-Governor Francis P. Fleming of Jacksonville delivered the address of the day, under the auspices of Stonewall Camp, U. C. V. The distinguished speaker was introduced by Major John W. Tench of the Veterans, who in a few eloquent but impressive words told what a true and tried soldier Col. Fleming had proved himself to be in the "distressing days of the 60s." Col. Fleming spoke for an hour to a crowded house, and his remarks, which were on the line of the Confederacy, Her Soldiers and Her Cause, were warmly and enthusiastically received.

Stonewall Camp, U. C. V., members of the G. A. R., both chapters of the Daughters of the Confederacy, a battalion from East Florida Seminary, the pupils and faculty of the Gainesville Graded and High School and the pupils of Miss Tebeau's school, attended this meeting, to say nothing of the great number of citizens who came to hear the distinguished speaker and ex-governor.

In the afternoon the ladies of Kirby Smith Chapter assembled at the home of Mrs. J. F. McKinstry, Jr., East Main street, N. They proceeded to the cemetery, where the graves of all soldiers, both Confederates and Unions, were strewn with fragrant flowers. The Veterans' graves in the Jewish cemetery were not forgotten, and Mesdames Burkhim and Wertheim and Miss Maud Graham tenderly laid sweet flowers upon their graves.

When the ceremonies were over at the cemetery the ladies returned to the city, where they decorated with fragrant flowers the Confederate monument, which occupies a prominent position in the court house square. The monument had been previously decorated in a most appropriate manner in the morning, but the ladies of Kirby Smith desired to add new laurels to the bravery and valor of the Confederate soldier.

To George W. Moyers, a Confederate Veteran who is well known here, belongs the credit of the excellent and appropriate decoration of the monument. Mr. Moyers, while a true American, is also a true Confederate, and will never forget the cause which he defended when he was nothing more than a mere lad. In the hands of the life-sized Confederate soldier which surmounts the pillar of stone he placed a Confederate flag—the genuine article, and to show his sincerity and his loyalty to his country, on a staff above this silent messenger of the dead, he suspended a United States flag—a beautiful, impressive and touching sentiment of the union of this country. Mr. Moyers was complimented by many, including the Veterans of both the Gray and the Blue, upon this idea.

The ladies of Kirby Smith Chapter, under the auspices of whom this beautiful monument was erected, are under many obligations to Mr. Moyers, who has been diligently at work for the past week preparing a stone coping for the base of the monument. This coping is in a running square of one hundred feet. Its enclosure will be set in fragrant flowers, which will tend to beautify the monument and grounds.

In all, Gainesville has no complaint to make in the matter of properly observing Confederate Memorial Day for 1905, and it will be a day long remembered by those who witnessed the ceremonies.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

POTATOES AND WATERMELONS

Farmers Are Manifesting Confidence in These Prolific Crops.

W. M. Blitch of Santa Fe, one of the oldest and most widely known residents of the county, as well as one of the most successful farmers, was in the city Wednesday. Being an ex-Confederate soldier and a Veteran, he came to hear Ex-Governor Francis P. Fleming make his memorial address to the Veterans and their friends.

Mr. Blitch states that the people of his section have become enthusiastic in the culture of Irish potatoes and watermelons, and that many hundreds of acres are now set in these. One firm has planted and is cultivating 300 acres of watermelons of various varieties, from which they anticipate big results. An extensive acreage has also been planted in potatoes.

About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

Supreme Court Issues Mandate.

Washington, April 26.—The supreme court of the United States today directed the immediate issuance of the mandate in the case of George W. Beavers, whose removal from New York to Washington for trial on the charge of defrauding the government as chief of the salary and allowance division of the postoffice department, has been ordered. In the case of John A. Benson, who is to be tried here on the charge of fraudulently appropriating public lands, the mandate was ordered to be stayed for one week. In the latter case notice was given of a motion for a new trial.

LEGISLATIVE AND SOCIAL FUNCTIONS

That Are Attracting Attention at the State Capital.

GAINESVILLE CHARTER BILL

Hon. J. M. Rivers a Prominent Figure. Hon. J. D. Watkins at the Capital. Miss Clem Hampton Entertains in Honor of Mrs. H. H. McCreary.

From Our Special Correspondent.

Tallahassee, April 25.—The Florida Legislature is now well into the third week of its 1905 session, and with the exception of the Regents' bill and the Crill pure food bill, there has been little to stir the smooth waters of the governmental and political seas. This is contrary to all expectation or prediction; but it is possible, nay, even probable that all this is but the calm before the storm, for it is sure the special message of the Governor anent the drainage of the Everglades, which is now due, will stir things some. Some new bills like the anti-Sunday baseball bill, the Crews bill requiring patent medicine manufacturers to print on labels the percentage of alcohol the preparation contains, and a number of similar measures, will create talk and oratory.

Senate Bill No. 108 is the Gainesville charter bill, and is now on the Senate calendar under the head of "Bills on Third Reading," and may be called up at any time. The bill as it stands now makes the city limits one mile in each direction from the court house, in place of a mile and a half as first proposed. Some other minor changes and corrections have been made since the original draft was presented to the members of the Alachua delegation here, but these are not in essentials, but merely go towards the perfecting of the measure. The bill cannot now be amended in the Senate, and if any changes are made this must be done in the House when that body receives the Senate bill as passed.

Hon. J. M. Rivers of Gainesville is a prominent figure in Tallahassee on various matters connecting with legislative and judicial affairs. He is also here in the interests of the protestants of North Gainesville.

Hon J. D. Watkins of Micanopy is also here representing the trustees and the interests of the East Florida Seminary.

There is not a very large lobby here, in fact none to speak of, unless we except some of the employes in the Capitol building, who seem to have a sufficient amount of leisure to be keenly interested in matters legislative even apart from more or less ethical newspaper work. The latest is a not very cleverly veiled attack on the uniform school book bill introduced by the Senator from the Thirty-Second District.

Tallahassee is waking up in a social way. Last night there was a very large but select card party in the parlors of the Leon Hotel, given by Mr. Speaker Gilchrist in honor of his mother and sister, Mrs. and Miss Gibbs. One of the most pleasant of the more informal functions was the Easter dinner given at the Leon by Miss Clem Hampton, complimentary to Mrs. H. H. McCreary of Gainesville. Those present were Senator and Mrs. H. H. McCreary, Miss Alice Appleyard of Lake City, Senator W. K. Jackson of Inverness and Mr. Louis Brumby. Beautiful flowers and multi-colored Easter eggs formed the decorations, the color scheme being red and white. The date has not yet been announced for the usual Governor's reception to the members of the Legislature. A number of other social events are on tapis, and the remainder of the session may be more lively in this direction.

Mr. J. A Rosborough returned Monday from a very brief visit to his home in Windsor. Mr. Tillman made the Pensacola trip. None, however, of the county's delegation have as yet missed a roll call unless absent on Legislative business. B.

RHEUMATISM ROBS LIFE of PLEASURE

Rheumatism does more than any other disease to rob life of pleasure and comfort. It is so painful and far-reaching in its effects on the system that those afflicted with it find themselves utterly unable to enjoy bodily comfort or any of the pleasures of life. Some are bound hand and foot and suffer constantly with excruciating pains, swollen, stiff joints and muscles, and often distorted, crooked limbs, while others have intervals of freedom, during which they live in constant fear and dread of the next attack, when, at the least exposure to damp weather, or slight irregularity of any kind, the disease will return.

I had been troubled with Rheumatism for two years, had been under the treatment of physicians, and tried everything recommended to me, but all to no avail. My knee and elbow joints were so stiff that I could not use them. I was unable to do my household work, and was truly in a pitiable condition. S. S. S. cured me after using it for awhile, and I unhesitatingly give it the credit it so much deserves.
Sta. A., E. Liverpool, O. MRS. M. A. DECKER.

The cause of Rheumatism is a sour, acid condition of the blood, produced by food lying undigested in the stomach, poor bowel action, weak kidneys and a general sluggish condition of the system. External applications, such as liniments, oils, plasters, etc., do not reach the cause and can only give temporary relief. The blood must be cleansed and purified before a cure can be had. S. S. S. attacks the disease in the right way—it neutralizes the poison and filters out every particle of it from the blood, stimulates the sluggish organs and clears the system of all foreign matter. It cures the disease permanently and safely because it contains no harmful minerals to derange the stomach and digestion. Book on Rheumatism and any advice you wish, without charge.

New York, April 26.—It has been decided by the Greater New York executive board of the Bakers' union, in consequence of the decision of the United States supreme court declaring the ten-hour law unconstitutional to force the demand through their own efforts, if possible. A statement was issued on behalf of the board saying:

"In all 2,000 out of 3,000 union bak- ers have an agreement with their em- ployers to go into effect May 1, provid- ing for the ten hours work day. This is independent of any question of en- forcement of the shorter working day lies in any case with the unions and its operation depend on their ability to enforce it. We will organize as thoroughly as possible and fight for the ten-hour day on trade union lines."

A schedule of the arrival and departure of the Russian fleet from various ports would be a good thing.

The Mexican Lottery Company, which has been doing business at New Orleans, has got into the hands of the law.

People in Tampa are indignant because so many of their people prefer smoking opium to the cigars made there.

If the Legislature could only have the State papers read before that body at each opening session, what a lot of pointers it would get.

The cotton crop has not suffered much by the frosts of the past two weeks, and the acreage in many parts of Florida will be up to that of last year.

A man named Gibbs, canvassing for a Chicago portrait company, suffering for remorse for the annoyance he had caused others, committed suicide at Orlando.

The bill in the Senate to prevent children under 15 years of age from working in shops, factories and mines, with a severe penalty for such offense, will put a check on child labor.

The proposed constitutional amendment introduced in the House of Representatives by Mr. Bryan of Washington is as follows: "The manufacture, transportation and sale of alcoholic liquors as a beverage shall be, and hereby is forever prohibited in the State of Florida."

The St. Johns Presbytery contemplates establishing a college at Tampa, and the city may have a chance to dispose of the Tampa Bay Hotel property for that purpose. It would seem too bad to close up the only fine hotel at Tampa, and it is doubtful if the Presbytery would care to invest so heavily on the start.

The Gainesville Sun is making a protest about the unseemly behavior of the hackmen who do business in that city. The Sun says they act like a lot of wild Comanches. But The Sun's editor has evidently not visited Jacksonville recently.—St. Augustine Record.

Yes, he has been in Jacksonville, but he slid out of the back door to avoid the mob. But such actions are not necessary, and all that is needed is for the railroads and city authorities to take action in the matter.

Representatives of the Gulf lines, the Western and trunk lines met in Buffalo, N. Y., Monday to confer on the subject of next year's rates. Ever since the present Gulf connection has been in effect efforts have been making to come to a preliminary understanding between all the roads involved, on the basis of which next year's rates could be determined without the possibility of a war between the Gulf and Atlantic Seaboard. These efforts have been resisted by the Gulf lines, but the trunk line interests recently decided to meet cut by cut, and it is believed this decision will influence the Gulf lines to agree to a satisfactory arrangement in regard to the rates for the coming year.

STATE COLLEGES.

The Tampa Tribune, in an article under the heading, "Don't Go Backward," says:

"The Tribune regrets to learn that there is a sentiment amongst the Legislators of the State favorable to cutting off the appropriations of most of the State schools, concentrating all money and efforts in the University of Florida, at Lake City, and the Florida State College, at Tallahassee.

"If this were a compact State the size of Delaware or Rhode Island, the proposition would have some merit in it, but being the second largest State east of the Mississippi river, with a widely scattered population, as is the case in Florida, the suggestion is one that will meet with the strong disapproval of the people. Especially the people of South Florida, who would be compelled, in case the Legislature should take such action, to send their children for higher education to the extreme northern and western portions of the State. This would be particularly hard on the young women of this part of the State, as the advocates of the reactionary policy contemplate, it is understood, reserving the University, the leading college in the State, for males, and the State College, the minor and more distant, for female education. Both Columbia and Leon counties, where the two institutions are located, are bounded on the north by Georgia. One is west of the Suwannee river, and the other only a few miles to the east.

"'Way down upon the Suwannee river!' Why not be logical, cut off all the State colleges, and establish one or two in Georgia or Alabama?

"The people of South Florida are perfectly willing that the State College and the University should receive a large appropriation, in proportion to their age and dignity, but they are not willing that the only two State-supported institutions that they have, the Bartow Military Institute, and the St. Petersburg Normal and Industrial School, all that South Florida has or asks for, should be lopped off that Georgian Florida should have all that there is to be had."

SOUTHERN SHEEP.

The Florida sheep seem to be looking in fine condition, and this is also true of the flocks in many of the Southern States. It is announced in The American Sheep Breeder that the Merino flocks introduced three years ago into North Carolina, through Samuel Archer, an experienced breeder and earnest advocate of the wool breeds of sheep, are proving a pronounced success. The flocks are in fine condition physically and the average price commanded by their wool for the three years is 20 cents, or a little more than $2 per head each year.

In this connection Mr. Archer is quoted as saying: "I knew that the Merino breed never failed in any country as the basic foundation for the sheep business, either for wool or, eventually, mutton, and I did not believe our Southland would form any exception. Now my judgment, experience and work are in harmony when I assert that I was right and am right yet about this all-important consideration of the sheep business, with a heavy, fine wool-growing sheep, with wool as the fundamental pre-requisite, with a universally-known, healthy sheep and a profitable mutton business as a natural consequence."

The wool crop of Georgia, says The Southern Field, has been recently attracting much attention. The quality of the wool last season was good, and there has been an unsatisfied demand at about 3 to 4 cents advance over the previous year's prices.

The cities in Florida that are prospering are those that are doing business on borrowed capital. The bonded indebtedness of the United States and England has such a low rate of interest that it is cheaper to pay the interest than the principal.

The United States Supreme Court has delivered a knockout blow to the labor unions. The court in the case of a New York law which limited the working day of employes in bakeries and confectionery shops to ten hours, has decided that no State has the right to place an arbitrary limit on the working day of those engaged in healthful occupations. This is equivalent to declaring unconstitutional in advance the eight-hour labor law which the labor unions have been beseeching Congress to enact.

Frank Biglow, president of the First National Bank of Milwaukee, Wis., has defaulted with the banks' funds to the extent of $1,500,000 The depositors will be protected. Wheat speculations are the cause.

Change of Mode of Execution.

New York, April 26.—In response to a memorial of Wu Ting Fang, China's former representative at Washington, an imperial edict just issued abolishes the punishment of slicing to death and substitutes immediate decapitation, cables the Pekin correspondent of the Herald. The exposure of the heads and bodies of people after execution also to be abolished. Immediate strangulation is substituted for decapitation. A reprieve until after the autumn assizes is substituted for immediate strangulation and three reprieves annual the death penalty. Branding is also abolished. Wu Ting Fang has been ordered to memorialize the government for other beneficial changes.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The ceremony will be impressive and no doubt will attract a large congregation. Two additions to the church will be received.

There will be an excursion to Cedar Key from Archer and intermediate points on Thursday.

PUTNAM COUNTY IS PROSPEROUS

Marion Smith Talks of the Good Times Around Palatka.

EVERYBODY IS CONTENTED

Reduced by the Freeze of 1895, the Farmers and Others Began to Learn of New Advantages, With the Result That They Have Progressed.

Marion Smith, a prominent farmer and cattleman of Francis, Putnam county, near Palatka, was a business visitor to this city Tuesday. Mr. Smith states that he visited Palatka often, and that the Gem City was never in a more prosperous condition. The streets are being properly sewered, real estate is rapidly changing hands at good prices, the county will soon erect a new court house, and altogether the people and merchants of Palatka are prospering as they have not prospered since the freeze. The truckers are also doing well, the principal crop being celery.

"You know we fellows in Palatka and surrounding country never knew what it was to get out and push," remarked Mr. Smith in a good-natured way, "until the freeze of '95 came. We were all well fixed, having our groves; but when that freeze swooped down upon us and took about all of the earthly possessions we had, our eyes were opened, and we began to look about. The result is that we have learned a great many things we did not know, and now, as the oranges are again beginning to come back, we are doubly blessed, for we have both crops and fruit, and there is no country on earth at this time more prosperous, and no people more independent than the people of the country surrounding Palatka.

"A few years ago there was not a man in Putnam county (at least in the section I refer to around Palatka) that would think to raise his hand in the matter of producing vegetables. What is it today? We find prolific vegetable farms all around Palatka, in many instances within the corporate limits of the city, and the growers are making a good thing. No better celery or lettuce was ever grown in this country than the growers of Palatka and vicinity are now producing, and the result is that money is plentiful and everybody is happy and contented. Celery especially seems to prosper in the growth and yield prolifically in that section."

Mr. Smith states that the orange groves are fine in Putnam county generally. The growers enjoyed a good crop the past season, and indications are that this season will outstrip anything ever seen in the State, even previous to the freeze.

"You know old Putnam was always the banner county of the State in the production of oranges, 'in the good old times before the freeze, and we propose to show the State, nature being good to us, what we propose to do next season. The growers are taking good care of their groves, and next season you may watch for the largest yield of citrus fruits from Putnam of any county in the State of Florida."

Mr. Smith was only here for a short time, returning to his home at Francis in the afternoon.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

The doctor's driver recognized the robbers as residents of Bellevue. The men also recognized the driver, and when the doctor returned to his barn the robbers were there with an apology for holding him up. The doctor accepted their regrets and promised he would not prosecute.

GENERAL NEWS.

JUDGE HARGIS ON THE STAND.

Principal in Famous Trial First Witness for the Defense.

Lexington, Ky., April 26—Judge Jas. Hargis, on trial for the murder of James Cockrill, today took the stand as the first witness for the defense, the state having closed yesterday.

The court room was crowded and the excitement was intense, Judge Hargis having been charged with being the chief conspirator in the tragedy. After the preliminary questions as to his birth, parentage, and education, the Cockrill killing was taken up. He entered a general denial of the statements made by the commonwealth's witnesses. He said that he felt bitter toward Tom Cockrill because Cockrill had killed his brother, Ben Hargis. He made the further sensational statement that he had stated openly he would furnish any amount of money necessary to defend any man who should kill him. He said he had no feeling against James Cockrill and Cockrill's father was a close friend. He denied "Anse" White's statement that he (White) had been requested by Hargis to take the stand in the court house during Tom Cockrill's trial and when a pre-arranged disturbance occurred started to kill five men among them James Cockrill.

RAIDING LOTTERY AGENCIES.

United States Authorities Arrest a Number of Employes.

San Francisco, April 26.—Acting under instuctions from Washington federal officers today began what is declared to be an active campaign against lottery companies. Officers connected with the United States marshal's office, secret service officials raided the agencies of the Honduras and Mexican lotteries and surprised the employes in the act of handling a large quantity of tickets. Papers and packages also were secured as evidence. A number of employes were arrested.

Postoffice Inspector Monroe said: "I can only say in general that it is on orders from Washington that I am working and information obtained by the department was from inspectors in San Antonio, in Colorado and in Louisiana, where these tickets are brought in from Honduras and from Mexico. Raids already have been made in Los Angeles and other points. All the complaints so far have charged the arresting parties with violating the interstate comerce law, which makes it a felony punishable with two years' imprisonment to send lotery tickets from one stat to another.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

KISSING MOST DANGEROUS.

St. Louis Health Commissioner Warns Consumptives.

St. Louis, April 26.—Dr. James H. Simon, health commissioner of St. Louis, has drafted a set of rules for consumptives, in which he emphasizes the danger of kissing.

"The disease may be communicated by kissing probably easier than any other means, and parents should be careful is allowing strangers to kiss their children," he says.

Another rule is that consumptives should always be smooth-shaven, as the beard retains the germs from the sputum.

"These are merely suggestions," Dr. Simon said, "and of course could not be enforced by ordinances."

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen those organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. Sold by J. W. McCollum & Co.

HARMONIZE FINANCIAL INTEREST

Understanding Has Been Reached Between Railroad Magnates.

New York, April 26.—A harmonization of powerful and recently antagonistic interests in the financial world has been accomplished says the Times today, which probably will check the ambitions of certain Pacific railroad interests. It is learned from excellent sources, the paper continues, that an understanding has been reached by the so-called Rockefeller interests, the Morgan interests and the Hill interests which the holdings of Union Pacific stock of these men and their friends will be voted as a unit for purposes of deciding all questions affecting not only this property, but its relations to other railroads as well, and that as a consequence of such understanding it is probable that the proposed $100,000,000 issue of preferred stock of the Union Pacific may not be authorized at the meeting which is to be held on May 5, at Salt Lake City.

All the men directly concerned in the matter decline to talk about it for publication or to make any direct statement.

Pirating Foley's Honey and Tar.

Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health as far as my advanced age will permit, as I am 82 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Remedies I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me." MRS. E. C. BAWLBY, Waterloo, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

W. A. Adams and Miss Margaret McCarroll Married Yesterday.

The home of Mr. and Mrs. M. G. McCarroll was the scene of a happy marriage yesterday at noon, the contracting parties being W. A. Adams of Rochelle and Miss Margaret, the charming daughter of Mr. and Mrs. M. G. McCarroll.

The ceremony was performed by Rev. F. H. Craighill of Holy Trinity Episcopal Church, in the impressive ritual of that church. There were only the relatives of the family and a few intimate friends present.

At the conclusion of the ceremony the party retired to the dining room, where a sumptuous dinner was served, after which the happy couple boarded the Seaboard Air Line for Jacksonville and other points on a short wedding tour.

The groom is a prominent young business man of Rochelle, and quite popular among those who know him. The bride is one of Gainesville's most charming young ladies, and has many friends.

Congratulations are extended to the happy couple.

Mr. and Mrs. Adams will make their future home at Rochelle.

The funeral of Mr. E. A. Jeffords, the death of whom occurred at his home, 206 East Magnolia street, Tuesday, will be held this morning at 10 o'clock from Holy Trinity Episcopal Church, Rev. F. H. Craighill officiating. The interment will be in Evergreen cemetery.

W. S. Moore of St. Louis, a son-in-law of the deceased, arrived in the city yesterday. Members of the family at various places were telegraphed, but inasmuch as the distance was so great it was impossible for any to attend, hence it was decided to bury him here.

Messrs. A. M. Pournell, James Doig, W. C. Matheson, G. W. Moyers, S. J. Burnett and L. L. Hill, old friends of the deceased, have been selected as pall-bearers. They are requested to report at the home of the deceased at 9:30 this morning.

Dr. T. F. Thomas will have charge of the funeral.

Deceased was a Confederate Veteran, and yesterday afternoon Kirby Smith Chapter sent a beautiful floral tribute to the home. The presence of members of the U. D. C. will be appreciated at the funeral services at the church this morning.

ANT NEWS FROM FAR EASTERN WAR

Admiral Togo's Fleet Reported To Be On Korean Coast.

KUROPATKIN LEAVES THE ARMY

Russian Squadron Has Left Kamranh Bay and Its Whereabouts Are Unknown—Japs Royally Entertain German Princes.

Tsing Tau, April 26.—The German cruiser Sperber reports having sighted on April 22 in the straits of Formosa, a Japanese man-of-war towing another one which was badly damaged.

Berlin, April 26.—An investigation shows that the German cruiser Sperber was not in the straits of Formosa April 22. She arrived at Tsing Tau from Shankai Kwan April 21 and left Tsing Tau April 24, bound for Hong Kong.

Togo Near Korean Coast.

Tokio, April 25.—2:30 p. m.—It was reported from Korea today that Admiral Togo with the major part of his squadron, was at Masampo bay, near Fusan, Korea, April 20.

Russians Have Left Kamranh Bay.

Tsing Tau, Shantung Peninsula, China, April 26.—Positive confirmation was obtained here of the statement that the Russian squadron left Kamranh bay April 22 and that the Russian cruiser Sviatilina, Russian hospital ship, and 14 transport ships are still of Kamranh bay. The division of the Russian squadron commanded by Admiral Neligatoff had not joined the main squadron commanded by Admiral Rojestvensky up to today.

Railroad Opened to Mukden.

Fusan, April 26.—The first railroad train from Liao Yang since the retreat of the Russians from that place last year reached Mukden station late yesterday, crossing the Hun river on the temperary bridge which Japan has just completed. Regular trains will be run between Port Dalny and Mukden in a few days. Quantities of supplies are being sent to Tie Pass from New Chwang in junks up the Liao river.

Believed To Be Russian Spy.

Singapore, Straits Settlement, April 26—A Russian giving the name of Vladimir Antonivitch, carrying a passport made out in another name was arrested on the fortified Island of Brani and was arraigned here today on the charge of being on government property without authority. He was remanded for a week. Antonivitch who does not speak English, was residing with a non-commissioned officer of the ordnance department. It is popularly supposed that Antonivitch is a spy, but the authorities say that incriminating papers have been discovered.

Kuropatkin Leaves the Army.

St. Petersburg, April 26.—The Russ formally denied that M. Witte had resigned the presidency of the committee of ministers. The paper explains that he is worn out with work and in urgent need of rest, but insists that he has not resigned. In financial circles it is reported that M. Witte may accept the management of the Russo-Chinese bank. The bourse Gazette publishes a report that General Kuropatkin, commander of the first Manchurian army, will return from the front and be succeeded by General Kaulars, comander of the second Manchurian army.

German Princes at Tokio.

Tokio, April 26.—Prince Charles Anton Von Hohenzollern representative of the emperor of Germany with the Japanese army, accompanied by Prince Kesachito, of Kania, arrived here today from Muksden enroute to Germany. Representatives of the emperor of Japan and many notabilities greeted the two princes at the railway station. Prince Charles of Hohenzollern was escorted to the state palace, which he will occupy during his stay in this city. A number of farewell entertainments have been planned in his honor.

TO GRANT AMNESTY ON EASTER

Rumor Is Circulating that the Czar Will Proclaim Same.

St. Petersburg, April 26.—A rumor is circulated here to the effect that Emperor Nicholas will mark Easter by the proclamation of general amnesty for political and religious prisoners now confined in fortresses or prisoners of European Russia or in exile. It is feared the Easter holidays which extend over 13 days, and will be the occasion of bloody conflicts.

The people are being specially warned not to enter the St. Isaac or Korean cathedrals or the church of the Nevsky monastery.

The Liberals pretend to believe that such stories are purposely circulated by the police. In any event, the strain is becoming intense. This is Holy week, when all Russia is usually in sackcloth and ashes, but the poorer classes of the people who generally attend incessant masses now spend most of their time at the doors of the churches gossiping about what may happen next week. The solemn religious services at the winter palace which, in ordinary years, takes place Saturday at midnight, with which Easter is ushered in and when the Metropolitan of St. Petersburg proclaims to the emperor in the presence of the imperial family, ministers and leading functionaries the rising of Christ from the grave will not take place this year on account of the danger involved.

Instead, a similar service will be held at Tsarkoe-Seloe. Governor General Trepoft insists on his ability to preserve order and protect life and property. Among the persons arrested last night were three of the principal revolutionary leaders.

PATTERSON TRIAL RESUMED.

Actress Fully Recovers From Fainting Spell of Yesterday.

New York, April 26.—Nan Patterson apparently had fully recovered from her indisposition of yesterday when she appeared in court today for the continuance of her trial on the charge that she murdered Caesar Young.

There was a trace of color in her cheeks and she seemed to be in excellent spirits when she entered the court room and took a seat at the council table. The pain black suit which she had worn during this and previous trials had been discarded and in its place she wore an black and white checked dress and a rought lace late with white lining.

The revolver with which it is alleged Young was killed and which it is believed will figure prominently in the prosecution case made its appearance as soon as the trial was resumed. It had been identified by several witnesses yesterday as the weapon found in Young's pocket soon after the tragedy and today the line of identification was followed down to the time it was brought into court. It is upon its ability to establish the fact that J. Morgan Smith, Miss Patterson's brother-in-law, purchased this weapon the day before Young was killed that the prosecution bases its strongest hope of conviction.

Used the Mails Fraudulently.

Nashville, Tenn., April 26—John W Farr, who conducted a law school here some years ago, and who was indicted for using the United States mails for fraudulent purposes, the direct charge being the issuance of alleged fake diplomas, is being tried before Judge Clark in the federal court in this city. Farr tried hard to have the trial take place in Washington City but it was finally decided to hear the case here. Farr is alleged to have operated in Denver, Seattle, Chattanooga, Washington and other cities.

Indicted for Peonage.

Athens, Ga., April 26.—In the fereral court yesterday indictments for peonage were returned against R. L. Pittman, Weldon P. Brooks, George Huff, Rufus Harvey, and fully 20 more cases are to be investigated tomorrow. T. H. Sappington was arrested here today on a charge of trying to induce negroes to immigrate to Mississippi. His bond was fixed and he was released.

CUKES AND TOMATOES NOT PROLIFIC

Crops Were Early and Choice, Which Meant Great Profit.

J. TINSLEY TALKS OF CROPS

Of the East Coast—Tomatoes Were Good and Abundant for a While, But Will Yield Far to the Bad—The Production of Cucumbers.

Joseph Tinsley, formerly of this city, but for the past few years soliciting agent for the firm of Phillips & Son, commission merchants, New York, spent Sunday in Gainesville as the guest of his mother, Mrs. M. A. Tinsley.

Mr. Tinsley has been on the East Coast for the past few weeks looking after tomato shipments. When asked regarding the situation, he replied: "The tomato crop on the East Coast has been very light for the season just coming to a close. It is a strange thing when I say 'coming to a close,' for the heaviest shipments for any two weeks of the season will be the following week, and probably the next, but this is necessitated by the fact that the fruit is ripening fast, and the last must be moved.

"The crop of tomatoes has been away short on the East Coast, which is the headquarters for this product in Florida," continued Mr. Tinsley. "Only about twenty-five per cent of the crop compared to last year has been shipped so far, and with the heavy shipments which are anticipated for the next ten days, I doubt very much whether the crop will run over forty per cent The weather conditions have been unfavorable, and the fruit has rotted on the ground in many instances before ripening."

"But how about the prices?" ventured The Sun man.

"Well, the prices have been good, which will in a large measure offset the yield. Tomatoes, choice varieties, have brought double the price, and sometimes more, in the North, hence the growers are almost as well compensated. Everybody who grows tomatoes on the East Coast seem to be satisfied, as far as prices are concerned."

Mr. Tinsley states that the cucumber crop of the East Coast is about exhausted. The season was short, but growers received good prices, and have no complaint to make.

TUESDAY'S SPECIAL ELECTION

E. A. O'Neill Elected Alderman to Fill Unexpired Term.

Tuesday's special election, called for the purpose of selecting an alderman to fill the unexpired term of Alderman Pedrick, resigned, was a quiet affair, only 171 votes being cast.

There were only two candidates for the position, E. A. O'Neill and Dr. J. H. Colson. The former received 115 votes against his opponent's 56, which elected him by a handsome majority.

As has been said before, both are good men, and either would have served the city faithfully in the position to which they aspired. Mr. O'Neill has served the city faithfully and efficiently as chief of the fire department, and there is no reason to believe that he will not do the same thing as an alderman.

Friends extend congratulations.

A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

THE QUARTERLY CONFERENCE

Much Business of Importance Transacted at That Meeting Monday.

The quarterly conference of the Methdist Episcopal Church, South, convened at 10 o'clock Monday morning, Presiding Elder Bridges in the chair.

There was a good attendance at this meeting, and a great deal of business of importance to the church was transacted.

The pastor of Kavanaugh Church, Rev. T. J. Nixon, made his report, which was encouraging indeed. He reported during the past three months thirty-six accessions into the church and the interest increasing.

The board of stewards made a good financial report, in which it was shown that the church had paid every dollar of claims up to date, and there was no outstanding indebtedness.

The Sabbath school, which has long been the largest in the city, has increased thirty during the last quarter. This enrollment is the largest in the history of the school.

Reports from various societies of the church show good work and advancement, which was very gratifying to the conference.

"I feel that we have had a glorious blessing within the last quarter," remarked Mr. Nixon. "We have gained both in the church and in the Sabbath school, and I feel that God has blessed us in our prayers."

Mr. Nixon believes that the Ministerial Association, recently organized, and through the efforts of whom a religious census of the city has has been taken, has accomplished a great deal in the upbuilding of all the churches, and in all branches.

WHY DOES
A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

EASTER AT THE CHURCHES.

The Occasion Was Spent in Special Services, Which Were Enjoyed.

Easter was a beautiful day in Gainesville. All nature seemed to smile sweetly, with the result that large congregations filled the churches. It is said that the largest congregation ever assembled in the Methodist church congregated upon this occasion in the morning, when the pastor, Rev. T. J. Nixon, delivered a most interesting and impressive sermon on "The Resurrection." In the evening the Presiding Elder, Rev. F. R. Bridges, preached on the subject, "Development of Christian Character," from Hebrew 13:20-21. There was special music at this church, both services.

Rev. S. B. Rogers of the First Baptist Church delivered a fine discourse on "Called Back to Prison," which was listened to by a good congregation with a great deal of interest.

Rev. Thos. P. Hay of the First Presbyterian Church delivered a good sermon to a large congregation, and services at other churches were impressive.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate Nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes:

"I am firmly persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use.

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would bloat after eating and frequently become nauseated. I had an acrid discharge and pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered unprofessional to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound. Experience has proved this.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is free and confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

North Gainesville Easter.

The good people of North Gainesville observed Easter in a most appropriate manner. In the afternoon, at the hall, the North Gainesville Sunday school held appropriate Easter services, and the program was most interesting, and it is needless to add enjoyed.

In the evening the people of that suburb listened to an eloquent and appropriate sermon by Rev. Harvey Hart of Paradise, on "The Resurrection." The discourse was greatly enjoyed by the large congregation present.

Several of our State exchanges speak in highest terms of praise of the reception given members of the Odd Fellows' order, at the meeting of the Grand Lodge in Gainesville last week. They assert that the beauty of Gainesville is only exceeded by the hospitality of its people.

The Republicans realize that there is need of an increased revenue, but dislike the idea of increasing the tax on beer and whiskey, owing to their ever watchful care of our infant industries. Hence a tariff advance on tea and coffee will be shared by the whole people and at the same time maintain their devotion to the cause of protection.

EAST FLORIDA SEMINARY.

The bill before the Legislature asking for State aid for the East Florida Seminary in this city is certainly a most deserving one and should be wisely considered by our State solons, as it is a recognition of one of the most carefully conducted institutions of learning in the State of Florida, which is rapidly advancing along this line.

There are many points in favor of this school, which are apparent to all: The location of Gainesville in the healthiest portion of Florida, where all are free from infectious diseases of any nature; the pure water with which the city is supplied, and the moral atmosphere of the city, which is free from any resorts which have a tendency to allure our young men and women from the path of rectitude.

Another notable feature is the high educational qualification and moral standing of the faculty of the Seminary. Each member is devoted to the work in hand, and the interest manifested in the students and the moral influence given forth, cannot help but arouse the nobler ambitions of those who are seeking knowledge at their hands, and excite in them an effort to attain the highest gifts to be enjoyed by a thorough and practical education.

Other schools may be seeking the same noble ends, but the East Florida Seminary we are familiar with, hence have no hesitancy in singing the praises it so richly deserves as an institution of the higher education of those seeking after this end—a credit to Florida.

GOOD MR. ELKINS.

Few people realize the tender sympathy the great Senator Elkins has for the people. His conduct causes much alarm among his friends, lest his noble heart cease to beat for suffering humanity. A Washington correspondent says:

"The Senate committee on interstate commerce has gotten to work and is holding daily hearings on the subject of railway rate legislation. As a starter Senator Elkins, chairman of the committee, invited nearly fifty railway men to appear before the committee and testify as to why the government should not attempt to fix railway rates. When the railroad men have concluded their testimony 'such others as may desire' will be at liberty to testify. To the unprejudiced observer it will appear as if the committee was more anxious to hear the railway men than the opposition. Of course the railway men who come to Washington will have all their expenses paid by their companies and their salaries will go on just the same, while the shipper or other opponent of the present system must come here at his own expense, often leaving his business to suffer in the meantime."

The guile of this great and good man is enough to cause a smile of derision on the countenance of any who know his methods.

THEY ALL DO IT.

The Lakeland News very sensibly remarks that "some papers are wasting a lot of good space and working themselves up to an unnecessary degree of heat in an effort to prove that there is but one section of Florida fit to live in—the one in which they chance to be published. We think the discussion unseemly, uncharitable and detrimental to the interests of the State as a whole."

The above would be all right, if The News had stopped there. But it continues the article by asserting that "The News thinks it is published in the best part of Florida," when anyone knows who has seen the State that there are many sections "fit to live in." There is no better State in the Union than Florida, when you are in search of a salubrious climate, and the portions that may be considered not so good as others at present, will be all right when the country is settled and a thorough system of drainage constructed.

The news that Joseph Jefferson, the "Dean of the American Stage," has passed away will be read with regret by men and women in all parts of the country, and there will be many a tear among the members of his loved profession. No player who has ever been before the American public was so loved and respected as was Jefferson. The sincere admiration of theater-lovers was attested in the last few years by the great audiences which greeted the eminent actor's every appearance, even after his advanced age had made his acting less convincing and his voice had lost much of its once powerful tone.

STATE COLLEGES.

The Tampa Tribune, in an article under the heading, "Don't Go Backward," says:

"The Tribune regrets to learn that there is a sentiment amongst the Legislators of the State favorable to cutting off the appropriations of most of the State schools, concentrating all money and efforts in the University of Florida, at Lake City, and the Florida State College, at Tallahassee.

"If this were a compact State the size of Delaware or Rhode Island, the proposition would have some merit in it, but being the second largest State east of the Mississippi river, with a widely scattered population, as is the case in Florida, the suggestion is one that will meet with the strong disapproval of the people. Especially the people of South Florida, who would be compelled, in case the Legislature should take such action, to send their children for higher education to the extreme northern and western portions of the State. This would be particularly hard on the young women of this part of the State, as the advocates of the reactionary policy contemplate, it is understood, reserving the University, the leading college in the State, for males, and the State College, the minor and more distant, for female education. Both Columbia and Leon counties, where the two institutions are located, are bounded on the north by Georgia. One is west of the Suwannee river, and the other only a few miles to the east.

"'Way down upon the Suwannee river!' Why not be logical, cut off all the State colleges, and establish one or two in Georgia or Alabama?

"The people of South Florida are perfectly willing that the State College and the University should receive a large appropriation, in proportion to their age and dignity, but they are not willing that the only two State-supported institutions that they have, the Bartow Military Institute, and the St. Petersburg Normal and Industrial School, all that South Florida has or asks for, should be lopped off that Georgian Florida should have all that there is to be had."

The meeting of the American soldiers of '61-65, the Blue and the Gray, to be held at Washington, D. C., May 11th and 12th, will bring together the survivors of the two greatest armies that were ever drawn up in line of battle, the armies of citizen soldiers who faced each other in one of the most desperate struggles ever known to history. And the best of all is that these brave soldiers of the two contending armies meet at this time as brothers, in a united country, with all imaginary sectional lines obliterated, ready to stand shoulder to shoulder in defense of their common country. We are too busy now, and we hope too sensible to hold anything but a brotherly feeling for our friends of the North, and the South is every day manifesting this feeling toward those who come into our midst to recuperate their failing health.

The United States Supreme Court has delivered a knockout blow to the labor unions. The court in the case of a New York law which limited the working day of employes in bakeries and confectionery shops to ten hours, has decided that no State has the right to place an arbitrary limit on the working day of those engaged in healthful occupations. This is equivalent to declaring unconstitutional in advance the eight-hour labor law which the labor unions have been beseeching Congress to enact.

The proposed constitutional amendment introduced in the House of Representatives by Mr. Bryan of Washington is as follows: "The manufacture, transportation and sale of alcoholic liquors as a beverage shall be, and hereby is forever prohibited in the State of Florida."

A canard was published in a Berlin paper stating that pirates had run up the Potomac river and looted the United States treasury. Some of those German newspaper fellows ought to come over and see what an easy job that would be.

The bill in the Senate to prevent children under 15 years of age from working in shops, factories and mines, with a severe penalty for such offense, will put a check on child labor.

FLEMING'S SPEECH

...dressed a Large Audience at the ...ourt House on Matters Appropriate to the Occasion—Decoration of the Graves of Deceased Heroes.

Confederate Memorial Day passed in a most interesting manner in Gainesville. While there was nothing of an elaborate nature on the program, at the same time what went to constitute the observance of the day was done so pleasantly and with such perfectness that those who participated in and witnessed the ceremonies were well satisfied.

The day opened cloudy, and about 9 o'clock a slight shower fell; but this was soon over, and tended to be refreshing, laying the dust and making the morning comfortable.

The first number on the program was enacted by the members of J. J. Finley Chapter, United Daughters of the Confederacy. The ladies of this Chapter, with their friends, assembled at the home of Mrs. W. B. Taylor, the president, and at 9 o'clock carriages conveyed them to the cemetery, where they decorated the graves of the departed heroes of both armies. The ceremonies at the cemetery were simple but impressive, and were entered into with a heart full of love and respect for both the Confederate and the Union soldier.

At 11 o'clock, at the court house, Ex-Governor Francis P. Fleming of Jacksonville delivered the address of the day, under the auspices of Stonewall Camp, U. C. V. The distinguished speaker was introduced by Major John W. Tench of the Veterans, who in a few eloquent but impressive words told what a true and tried soldier Col. Fleming had proved himself to be in the "distressing days of the 60s." Col. Fleming spoke for an hour to a crowded house, and his remarks, which were on the line of the Confederacy, Her Soldiers and Her Cause, were warmly and enthusiastically received.

Stonewall Camp, U. C. V., members of the G. A. R., both chapters of the Daughters of the Confederacy, a battalion from East Florida Seminary, the pupils and faculty of the Gainesville Graded and High School, and the pupils of Miss Tebeau's school, attended this meeting, to say nothing of the great number of citizens who came to hear the distinguished speaker and ex-governor.

In the afternoon the ladies of Kirby Smith Chapter assembled at the home of Mrs. J. F. McKinstry, Jr., East Main street, N. They proceeded to the cemetery, where the graves of all soldiers, both Confederates and Unions, were strewn with fragrant flowers. The Veterans' graves in the Jewish cemetery were not forgotten, and Mesdames Burkhim and Wertheim and Miss Maud Graham tenderly laid sweet flowers upon their graves.

When the ceremonies were over at the cemetery the ladies returned to the city, where they decorated with fragrant flowers the Confederate monument, which occupies a prominent position in the court house square. The monument had been previously decorated in a most appropriate manner in the morning, but the ladies of Kirby Smith desired to add new laurels to the bravery and valor of the Confederate soldier.

To George W. Moyers, a Confederate Veteran who is well known here, belongs the credit of the excellent and appropriate decoration of the monument. Mr. Moyers, while a true American is also a true Confederate, and will never forget the cause which he defended when he was nothing more than a mere lad. In the hands of the life-sized Confederate soldier which surmounts the pillar of stone he placed a Confederate flag—the genuine article, and to show his sincerity and his loyalty to his country, on a staff above this silent messenger of the dead, he suspended a United States flag—a beautiful, impressive and touching sentiment of the union of this country. Mr. Moyers was complimented by many, including the Veterans of both the Gray and the Blue, upon this idea.

The ladies of Kirby Smith Chapter, under the auspices of whom this beautiful monument was erected, are under many obligations to Mr. Moyers, who has been diligently at work for the past week preparing a stone coping for the base of the monument. This coping is in a running square of one hundred feet. Its enclosure will be set in fragrant flowers, which will tend to beautify the monument and grounds.

In all, Gainesville has no complaint to make in the matter of properly observing Confederate Memorial Day for 1905, and it will be a day long remembered by those who witnessed the ceremonies.

How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

POPULAR PEOPLE WED.

W. A. Adams and Miss Margaret McCarroll Married Yesterday.

The home of Mr. and Mrs. M. G. McCarroll was the scene of a happy marriage yesterday at noon, the contracting parties being W. A. Adams of Rochelle and Miss Margaret, the charming daughter of Mr. and Mrs. M. G. McCarroll.

The ceremony was performed by Rev. F. H. Craighill of Holy Trinity Episcopal Church, in the impressive ritual of that church. There were only the relatives of the family and a few intimate friends present.

At the conclusion of the ceremony the party retired to the dining room, where a sumptuous dinner was served, after which the happy couple boarded the Seaboard Air Line for Jacksonville and other points on a short wedding tour.

The groom is a prominent young business man of Rochelle, and quite popular among those who know him. The bride is one of Gainesville's most charming young ladies, and has many friends.

Congratulations are extended to the happy couple.

Mr. and Mrs. Adams will make their future home at Rochelle.

Supreme Court Issues Mandate.

Washington, April 26.—The supreme court of the United States today directed the immediate issuance of the mandate in the case of George W. Beavers, whose removal from New York to Washington for trial on the charge of defrauding the government as chief of the salary and allowance division of the postoffice department, has been ordered. In the case of John A. Benson, who is to be tried here on the charge of fraudulently appropriating public lands, the mandate was ordered to be stayed for one week. In the latter case notice was given of a motion for a new trial.

TWO BEAUTIFUL WOMEN WHO ESCAPED SPRING CATARRH BY TAKING PE-RU-NA.

Spring Fever is Spring Catarrh--Nothing Robs One of Strength Like Spring Catarrh.

MISS ESTELLE CAMPBELL.

Miss Estelle Campbell, 140 N. High street, Nashville, Tenn., writes:

"Peruna helped me when almost everything else failed. I was rundown from overwork, as I had not been able to take a vacation for three years and naturally my nerves were all unstrung and I was greatly in need of rest and a tonic.

"I went away for two months, but did not seem to get my strength back, although I was taking a prescription which the doctor gave me before I went away.

"At the request of my relatives, with whom I was visiting, I began to use Peruna, and you cannot realize how glad I was when within a week I found I was feeling so much better. Inside of a month I was feeling splendidly, ready and able to take up my work again."—Estelle Campbell.

A Spring Tonic.

Almost everybody needs a tonic in the spring. Something to brace the nerves, invigorate the brain, and cleanse the blood. That Peruna will do this is beyond all question.

We have on file thousands of letters which testify to the curative and preventive value of Peruna in cases of nervous depression and run down conditions of the system. We quote a typical case:

Mr. Frank Williams, 365 34th street, New York City, member First Presbyterian Church and Captain Capitol Golf Club, writes:

"Last spring I suffered with malaria and a run down condition which seemed very difficult to overcome.

"I tried several different tonics but did not seem to get much better until I began using Peruna. My recovery was slow, but I was improving and I was glad to continue using it.

"At the end of two months my health was restored and I looked and felt much better than I had for years. Your remedy is well worthy of a recommend and I am pleased to give it mine."—Frank Williams.

Peruna never fails to prevent spring catarrh or nervous prostration, if taken in time.

Pe-ru-na is the Finest Tonic For a Weary Woman.

Miss B. Inez Silvera, 189 W. 136th street, New York City, Grand Recorder Daughters of American Independence, writes:

"Nine years of work, without a vacation, wore out my nervous system. I lost my appetite and felt weak and exhausted nearly all the time.

"Peruna restored me to perfect health in five weeks. It is the finest tonic for a weary woman that I know of. I gladly endorse it."—B. Inez Silvera.

Peruna is the most prompt and permanent cure for all cases of nervous prostration caused by systemic catarrh known to the medical profession.

MISS B. INEZ SILVERA.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotic of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years. Such a thing could not be possible if Peruna contained any drugs of a narcotic nature. All correspondence held strictly confidential.

LEGISLATIVE AND SOCIAL FUNCTIONS

That Are Attracting Attention at the State Capital.

GAINESVILLE CHARTER BILL

Hon. J. M. Rivers a Prominent Figure.

Hon. J. D. Watkins at the Capital.

Miss Clem Hampton Entertains in Honor of Mrs. H. H. McCreary.

From Our Special Correspondent.

Tallahassee, April 26.—The Florida Legislature is now well into the third week of its 1905 session, and with the exception of the Regents' bill and the Crill pure food bill, there has been little to stir the smooth waters of the governmental and political seas. This is contrary to all expectation or prediction; but it is possible, nay, even probable that all this is but the calm before the storm, for it is sure the special message of the Governor anent the drainage of the Everglades, which is now due, will stir things some. Some new bills like the anti-Sunday baseball bill, the Crews bill requiring patent medicine manufacturers to print on labels the percentage of alcohol the preparation contains, and a number of similar measures, will create talk and oratory.

Senate Bill No. 108 is the Gainesville charter bill, and is now on the Senate calendar under the head of "Bills on Third Reading," and may be called up at any time. The bill as it stands now makes the city limits one mile in each direction from the court house, in place of a mile and a half as first proposed. Some other minor changes and corrections have been made since the original draft was presented to the members of the Alachua delegation here, but these are not in essentials, but merely go towards the perfecting of the measure. The bill cannot now be amended in the Senate, and if any changes are made this must be done in the House when that body receives the Senate bill as passed.

Hon. J. M. Rivers of Gainesville is a prominent figure in Tallahassee on various matters connecting with legislative and judicial affairs. He is also here in the interests of the protestants of North Gainesville.

Hon. J. D. Watkins of Micanopy is also here representing the trustees and the interests of the East Florida Seminary.

There is not a very large lobby here, in fact none to speak of, unless we except some of the employes in the Capitol building, who seem to have a sufficient amount of leisure to be keenly interested in matters legislative even apart from more or less ethical newspaper work. The latest is a not very cleverly veiled attack on the uniform school book bill introduced by the Senator from the Thirty-Second District.

Tallahassee is waking up in a social way. Last night there was a very large but select card party in the parlors of the Leon Hotel, given by Mr. Speaker Gilchrist in honor of his mother and sister, Mrs. and Miss Gibbs. One of the most pleasant of the more informal functions was the Easter dinner given at the Leon by Miss Clem Hampton, complimentary to Mrs. H. H. McCreary of Gainesville. Those present were Senator and Mrs. H. H. McCreary, Miss Alice Appleyard of Lake City, Senator W. K. Jackson of Inverness and Mr. Louis Bromby. Beautiful flowers and multi-colored Easter eggs formed the decorations, the color scheme being red and white. The date has not yet been announced for the usual Governor's reception to the members of the Legislature. A number of other social events are on tapis, and the remainder of the session may be more lively in this direction.

Mr. J. A Roseborough returned Monday from a very brief visit to his home in Windsor. Mr. Tillman made the Pensacola trip. None, however, of the county's delegation have as yet missed a roll call unless absent on Legislative business.

JOSEPH JEFFERSON SUCCUMBS TO DEATH

Famous Actor Has Passed To The Great Beyond.

INTERMENT AT BUZZARD'S BAY

His Condition Was Thought to Be Improving When the Change Came Suddenly—He Was Beloved by All the People.

West Palm Beach, Fla., Auril 25.—Joseph Jefferson died at his home, "The Reefs," at Palm Beach, Fla., at 6:15 o'clock Sunday. The end came after a day of unconsciousness and after a heroic struggle of days which had exhausted his vitality. At his deathbed were his wife, his sons Chas. B. and Frank Jefferson; his nurse Miss Mabel Bingham; Dr. R. B. Potter and his faithful old servant, Karl Kettler.

The end was not a surprise to his family. Ever since his last sinking spell which came after a rally on Thursday morning, and which was followed by an apparent improvement un-

til Friday, the family has been waiting for the end. Mr. Jefferson's condition Saturday night grew steadily worse and the family, who had retired were summoned from their beds, and Dr. Potter was called. The patient's condition continued to grow worse all through the day and the brief bulletins from the bedside contained no wors of encouragement. The sickness of Mr. Jefferson, which ended in his death was contracted, it is believed, while on a recent visit to his son, Charles B. Jefferson, at Hobe sound, a few miles above Palm Beach, where he went to meet his friend, former President Cleveland.

Funeral Arrangements Not Made.

Cleveland, April 25.—William Winter Jefferson, a son of the actor, heard of the death of his father while passing through this city last night enroute to Bellefontaine, O. He said that he would meet his brother in Toledo today and then go on to New York for the funeral of his father, arrangements for which, he said, had not been completed.

Body Sent to Buzzard's Bay.

Buzzard's Bay, Mass., April 25.—It was learned today at Crow's Nest, the home of Joseph Jefferson, that the body of the aged actor would not be brought directly here from Palm Beach. Arrangements have been made to place the casket in a receiving vault at Boston until such a time as members of the family, who are scattered over the country and abroad, can come together. The body then will b brought here and buried in the Bayview cemetery, Sandwich.

Father Kills His Son.

Montgomery, Ala., April 25.—W. M. Sheets, 45 years of age, shot and killed his son, Claude Sheets, near the city Sunday. The young man was foreman of a gang of laborers in which his father worked. The old man was discharged and blamed the son. The boy went home Sunday, being afraid to do so Saturday night, and had words with his father, who shot him dead in the yard.

Ends Life on Wife's Grave.

Baltimore, April 25.—Mrs. William Wachauss died in this city two years ago. Her husband sold out his business and returned to Bohemia, his native land. He came back to New York several days ago and sent his trunk to a friend in this city. Wachauss himself got off the train in the suburbs near Oak Hill cemetery and went to his wife's grave, where he shot himself in the temple dying instantly.

John Doe X His Mark

A man's mark is his honor. It stands for him and he stands for it. It's the old Saxon way of signifying good intentions.

The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country.

The Government puts its mark on a bond to give it value.

The National Biscuit Company puts its trade mark in red and white on each end of a package of biscuit, crackers and wafers to distinguish these products and to guarantee the quality, and *it does*.

To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.

Mrs. H. F. Dutton has just received the information that a daughter has come to the home of Mr. Howard Temple at Camelot, Mossley Hill, near Liverpool, Eng.

Mr. Temple is well known here, having visited the city on many occasions in the interests of the Dutton Phosphate Company. He is a favorite with all those who have had the pleasure of his acquaintance and all extend to him their congratulations. Mr Temple has named his daughter Lucille as he says he remembers hearing the name in Gainesville, and considers it a typical Southern name, the South being a country he is well pleased with.
